9. Cookie policy: Information we collect from you

a. What is a cookie?

A cookie is a small amount of data, which often includes a unique identifier, sent to your computer or mobile phone ("device") browser from the website's computer and stored on your device's hard drive. Each website can send its own cookie to your browser if your browser settings allow it, but (to protect your privacy) your browser will only allow the website to access the cookies it has already sent you, not cookies sent to you by other sites. Many sites do this whenever a user visits their website to keep track of online traffic flows.

Cookies record information about your online preferences and allow us to tailor websites to your interests. Users can set their devices to accept all cookies, notify them when a cookie is sent, or not receive cookies at all. The latter means that

certain personalized services cannot be provided to this user and, accordingly, you will not be able to fully use all the features of SIRIUS.INVESTMENTS. Every browser is different, so check your browser's Help menu to learn how to change your cookie settings.

During any visit to the SIRIUS.INVESTMENTS website, the pages you view and the cookie file are downloaded to your device. Many websites do this because cookies allow website publishers to do useful things, such as learning if the device (and possibly its user) has previously visited their website. This is done on a return visit by checking and detecting the cookie left there on the last visit.

b. How do we use cookies?

The information provided by cookies can help us analyze our visitors' profiles and help us provide you with a better user experience.

We also use several independent measurement and research companies. They collect information about visitors to our sites on our behalf using cookies, log file data, and code embedded in our Site. We use this type of information to help improve the service we provide to our users. We strictly require that third parties do not use any information for their own purposes, or business and other purposes. Other certain pages of SIRIUS.INVESTMENTS may use cookies for a specific reason, such as to ensure that you remain connected to our service.
